Medical Plan Hospital List

# Royal Kingdom of Saudi Arabia Students Medical Plan

Here is the list of hospitals applicable to your policy.

## Direct Settlement of Accounts

Most hospitals on this list will settle charges for treatment direct with us.

You should check the bill on leaving the hospital, sign it and then the hospital will forward it to us for payment. Sometimes you might be sent the bills first. All you need to do in these cases is forward them to us with details of your full name, address and policy number. We will then pay the provider direct for eligible treatment costs. Please check billing arrangements with the hospital prior to undertaking any treatment.

## Out-patient Accounts

Although Aviva will settle eligible out-patient treatment charges direct, some hospitals may expect you to pay the bills when you leave. In such cases you should ensure that you get receipts when you pay, which you should then send to Aviva with details of your full name, address and policy number. We will then reimburse you for all eligible treatment costs.

## In-patient and Day-patient Accommodation

Many of the hospitals on this list will normally provide private en suite facilities to Aviva members. It is likely that variations will exist with respect to the size and quality of these rooms from hospital to hospital.

Many hospitals sometimes prefer to accommodate day-patients on a small ward rather than a single room. Please check with your Specialist or the hospital the type of accommodation you can expect, prior to admission.

### Children

Not all of the private hospitals listed are able to admit children under the age of three for private treatment. Please contact the Cultural Bureau if you have any queries about cover for your children on your company scheme.

### Sound Advice

Our hospital lists are regularly updated. Before seeking any hospital treatment please contact the Claims Helpline on 0800 092 8264. Our staff can advise you of any changes.

### Call us

You should always telephone us on 0800 092 8264 prior to making a claim, quoting the policy number 961BBS and providing details of your condition, the name and address of your Specialist, the place and dates of any proposed consultations and treatment, and whether you are to be admitted as an in-patient, day-patient or out-patient.

### Sound Advice

We strongly recommend that you take this list with you when you go to see your GP. If they need to refer you to a Specialist, show them the hospital list to ensure that they refer you to a Specialist who can admit you to an eligible hospital.
